

STERILE REPROCESSING SUPPORT TEAM

THE STERILE REPROCESSING SUPPORT (SRS) TEAM HAS THREE GOALS:

- DEMONSTRATE EFFECTIVE TECHNIQUES TO MAXIMIZE INSTRUMENT RELIABILITY
- REINFORCE PATIENT SAFETY THROUGH PROPER EDUCATION AND TRAINING
- IMPROVE STERILE PROCESSING EFFICIENCY BY STANDARDIZING BEST PRACTICES

Each of our specialists are certified by IAHCSSM and/or CBSPD and are committed to helping you successfully integrate *da Vinci*® products into your Sterile Processing Department.

HOSPITAL EVALUATION

The SRS team can review your current process to identify roles and responsibilities of personnel involved in the care and handling of your *da Vinci* components. Analyze and troubleshoot root causes for recurring failures or damage, and provide educational support.

EDUCATION & TRAINING

Our in-depth in-services deliver proficient, hands-on training and guidance for utilizing correct Intuitive Surgical's Instructions For Use (IFU), and provide guidelines on the implementation of new *da Vinci* Surgical advanced instrumentation.

IMPROVEMENTS & BEST PRACTICES

Maximize your investment through proper care, handling and reprocessing of your *da Vinci* instruments and endoscopes by implementing best practices provided by our SRS team.

To schedule an In-Service at your hospital, contact
Customer Service at **1.800.876.1310** or e-mail **SRS-Support@intusurg.com**
please provide your Hospital Name, City/State & Contact Information

Support from the Sterile Reprocessing Support Team is limited to reprocessing best practices for *da Vinci* instruments only. They do not provide advice or guidance on reprocessing for other devices.

For complete instructions for use, indications, contradictions, warnings and precautions, and safety information, please refer to the Instruments and Accessories User Manual, P/N 550675; the Stapler 45 Addendum, P/N 550986; and the Stapler Reload IFU, P/N 551055. Please visit www.intuitivesurgical.com/safety for indications, contradictions, warnings, and safety information.
