

da Vinci® Job Board—Job Seekers

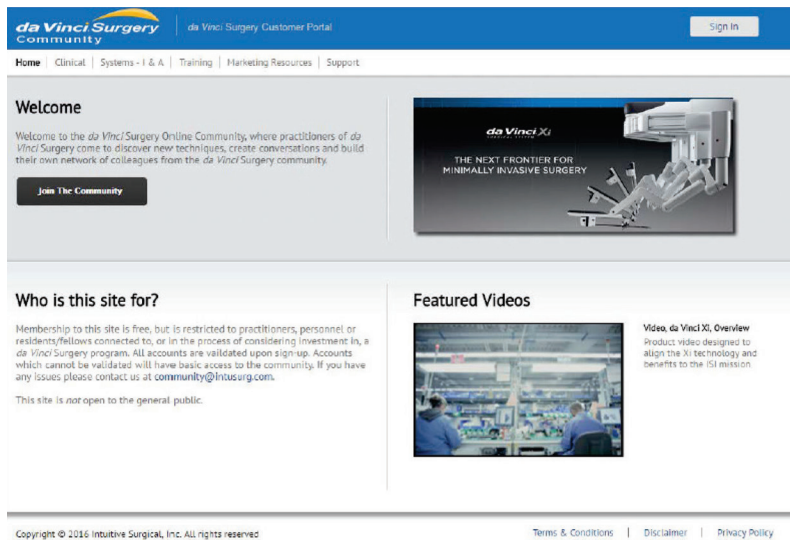

Launch your career as a robotic-assisted surgeon with the da Vinci® Job Board

The da Vinci Job Board is a valuable resource as you start your career in robotic-assisted surgery. Use the da Vinci Job Board to showcase your training and da Vinci Surgery experience, search for the latest job openings at hospitals with da Vinci surgery programs, and connect directly with hiring managers in one convenient place.

Getting started on the da Vinci Job Board is easy:

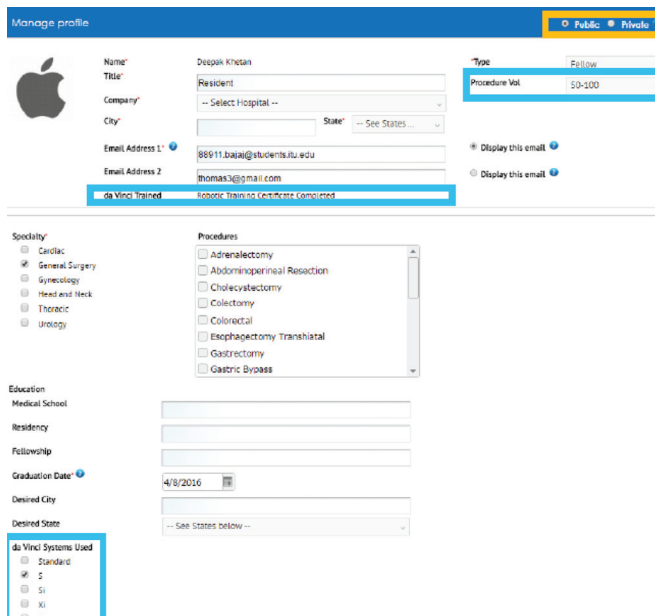

Create an Account

Go to www.davincisurgerycommunity.com and create an Online Community account, or sign in using your existing credentials.

Build Your Profile

Under Community, select Job Board, and create your profile. Enter your information, add a cover letter, and upload your resume to increase the likelihood that a hiring manager will click on your profile. Remember to set your profile to Public to appear in hiring managers' search results.

Getting started on the da Vinci Job Board is easy (continued):

Get Connected

Search for jobs based on geography, surgical specialty, or by hospitals with your preferred da Vinci system.

The screenshot displays the da Vinci Job Board interface. At the top, there is a navigation bar with the da Vinci Surgery logo and a 'da Vinci Surgery Customer Portal' link. Below the navigation bar, a search bar is visible. The main content area is titled 'Job Board' and includes a welcome message. On the left side, there is a 'Job Board Search' sidebar with filters for City, State, Specialty, and Date Posted. The main area shows a list of job postings with details such as Title, Date Posted, Hospital, and Location. A 'Manage Profile' button is located in the top right corner.

While Intuitive Surgical reviews posted openings for accuracy against approved indications for use, we do not otherwise vet openings and make no guarantees of employment by posting this information. The resource is provided only as a courtesy to surgeons, hospitals and practices. The candidate is solely responsible for the accuracy of the information contained in their profile.
